

IC50 CRANES

2019

The time has come to submit information for *International Cranes and Specialized Transport* magazine's listing of the world's largest crane companies

The *IC50* is the world's first industry ranking of the largest crane operating companies, and each year it grows in popularity. We've already received some entries, so, if your company has not yet taken part, this is your chance to ensure it takes its position in the listing.

We calculate the *IC50* figure by adding together the maximum load moment rating, in tonne-metres, of all mobile and crawler cranes in your fleet on 1 May 2019. Simply fill out the *IC50* form over the page and submit it to us. If you would like to send us a list of the cranes in your fleet, which would be helpful, please include the make, model, type, capacity and number of units for each model.

If you have any questions regarding the form or require help with representing tonne-metres, please contact the editor, Alex Dahm, by telephone on: +44 (0)1892 786206 or, by e-mail at: alex.dahm@khl.com

EDITOR'S IC50 NOTES

1. All *IC* Index figures should be given as a maximum load moment rating in tonne-metres.
2. Tower cranes are not included in the *IC* Index for lattice boom, crawler and wheeled mobile cranes. Please ensure that there are no figures for this equipment in your calculations – if you have tower cranes please request an *IC* Tower Index entry form.
3. Alternative lifting equipment is no longer included in the *IC* Index. Please ensure that there are no figures for this equipment in your calculations.
4. Figures in the *IC* Index for crawler and wheeled mobile cranes should include an allowance for any super lift attachments that you own.
5. The *IC* Index should include all cranes that are in your fleet as at 1 May this year. Do not include cranes that you have ordered but that have not yet been delivered.
6. To help illustrate the *IC50* editorial in the magazine you could include some photographs, perhaps showing your cranes in action that will be considered for publication.

PLEASE COMPLETE AND RETURN THE FORM BEFORE 1ST MAY 2019

2019

Please read the form and the notes on the previous page carefully.
If you have any questions, please do not hesitate to contact the team at *International Cranes and Specialized Transport*.

The listing must only include cranes that you will actually have in your fleet on 1 May 2019.
Please do not include cranes for which you have placed orders but not yet taken delivery.

Company name _____

Full address of company HQ _____

Name of senior contact _____

Job title of senior contact _____

e-mail address _____

Company web site _____

IC50 MOBILE CRANES

Number of wheeled mobile cranes _____ Total tonne-metre rating _____

Number of crawler cranes _____ Total tonne-metre rating _____

Total IC Index * (tonne-metres) _____

Make and model of largest crane _____

Lifting capacity of largest crane in metric tonnes _____

Average age, in years, of the equipment in your fleet _____

Number of depots _____ | Number of employees _____

Scope of operation local national continental worldwide

Annual sales, in US\$, from crane-related activity _____

I confirm that the information shown above is correct.

Signed:

Name (please print) _____ Date: _____

Job title _____

e-mail address _____

*IMPORTANT:

To calculate your IC Index, please add together the maximum load moment ratings in tonne-metres of all the lattice boom cranes and wheeled mobile cranes in your equipment fleet to produce a total figure.
